
Chapter 48

Royal Canadian Air Force March Past (simplified)

The *Royal Air Force March* simplified has been re-written in an easier key signature and a simpler rhythm for cadet bands. The simplified version can be played with the modified version if necessary. The original score is quite challenging and for most instruments is in a difficult range to play comfortably.

Trio

Through adversities we'll conquer
Blaze into the stars.
A trail of glory
will live on land and sea
'till victory is won.

Men in blue the skies are winging
in each heart one thought is ringing.
Fight for the right!
God is our might!
We shall be free.
